MEDICINE, HEALTH & SAFETY - 7

Subject: SHIPMENT OF SCIENTIFIC SAMPLES TO CONUS

Gentlemen:

It is requested that you pack and crate the following samples:

12 - one gallon tins of soil samples
12 - one liter polyethelyene bottles
15 - coconuts

For shipment via MATS to Travis AFB, California, thence via rail to the following location:

U. S. Atomic Energy Commission
New York Operations Office
70 Columbus Avenue
New York 23, New York

Attn: Mr. Merrill Eisenbud

These samples are located at the Eniwetok Marine Biological Laboratory, Building 218, Site KLMNN. It is requested that these samples be cleared by your Rad Safe Section prior to shipment outside the PPG.

Transportation of the above samples is chargeable to 899/40101, Allotment 31-41-91 08. Cost Symbol 4550.14/1.

Please advise this office when shipment is made.

Sincerely yours,

ERNEST WINKOOP
