Dear Dr. Donaldson:

Reference is made to your letter of June 7 addressed to Dr. Warren, and we regret that there has been such a delay in replying to your letter.

At this late date we have just been able to obtain the report entitled: "Botanical Report on the Crossroads Atomic Bomb Expedition to the Marshall Islands" by Wm. Randolph Taylor. Although the resurvey of Bikini has been completed, we are wondering if you would still like to have the report forwarded to you. The report is classified "Confidential" and it would have to be placed in a safe file while in your keeping.

We shall await your further reply.

Sincerely yours,

Frances R. Montgomery
