Colonel Robert E. Smith
Chief, Photo & Cartography Branch
Operations Support Division, R/O, DCS/O
Department of the Air Force

Dear Colonel Smith:

Your letter to the Chairman, Atomic Energy Commission, dated August 6, 1958, requesting the use of Eniwetok and Bikini, has been referred to me for action. The Atomic Energy Commission has no objection to the use of Eniwetok and Bikini during the period 1 November 1958 to 1 February 1959 for the purpose of accomplishing a Hiram survey in the mid-Pacific.

In connection with the Air Force personnel who will be located at Bikini and Eniwetok, it is requested that you deal directly with Headquarters, Joint Task Force Seven, Arlington Hall, Virginia, in regard to clearance [illegible] individuals. Since they will not require access to [illegible] information, military clearances will suffice for [illegible] the Eniwetok Proving Ground. Further, it is desired [illegible] Atomic Energy Commission, and Headquarters, Joint Task [illegible], be informed when arrival plans for personnel and [illegible] firm in order that the proper authority at the Eniwetok [illegible] Ground may be so advised.

Sincerely yours,

Alfred [illegible]
Brigadier General, USA
