STRATOSPHERIC MONITORING PROGRAM

SYMBOL: BMBP:GMD

BEST COPY AVAILABLE

The attached copy of the correspondence prepared for the General Manager's signature describes the stratospheric monitoring program that is being organized for the immediate future. In fact, DELETED is already proceeding with the program with the expectation that the agreement later will be formalized.

DOD

Since this stratospheric monitoring program is designed for only a four-month period, plans are being pushed for a long-range program including: (a) collection of the samples, (b) their radiochemical analyses, and (c) research and development of sampling techniques. This long-range program will be submitted in the near future to the General Manager for approval.
