Dear Admiral Denfeld:

I have received a copy of a teletype from COMNAVMIDTD [illegible] to [illegible] of 21 June, 1949, requesting $10,000 to accomplish additional work required on LCI-1091.

You were requested by Captain Russell's letter of April 29, 1949, to provide Navy support for the recurvey on Bikini and Eniwetok Atolls and provide ship support, including the provision of a modified LCI for the expedition's use. The $10,000 requested appears consistent with the agreement between the Navy Department and the Atomic Energy Commission. I have, therefore, authorized payment of the Standard Form 1080 submitted by the Navy Department for this purpose.

Sincerely yours,

Shields Warren, M.D.
