

## Department of Energy

Washington, DC 20585

August 15, 2005

### MEMORANDUM FOR DISTRIBUTION

**FROM:**

John Spitaleri Shaw *C. Spitaleri Shaw*  
Assistant Secretary for  
Environment, Safety and Health

**SUBJECT:**

Suspect/Counterfeit Items Video Conference

The Office of Environment, Safety and Health will sponsor a video conference on September 15, 2005, from 11:00 a.m. to 1:00 p.m. (EST). The purpose of the conference is to share new Suspect/Counterfeit Items (SCI) identification information across the Department of Energy (DOE) complex and to share SCI investigation results since our last video conference in 2003.

The Department of Energy and contractor employees concerned with quality assurance, procurement, and worker and community safety are invited to participate. The conference will be conducted using Forrester video conferencing capabilities with links to all DOE Field Offices and Germantown. See attached agenda.

Please advise Mark Petts (301-903-2414 or [mark.petts@eh.doe.gov](mailto:mark.petts@eh.doe.gov)) how many DOE and contractor people will be participating from your site. Also, Mr. Petts will need a technical point-of-contact to ensure communications are working to conduct the video conference.
