Dr. William F. Bale  
Biophysics Branch  
Division of Biology and Medicine  
U. S. Atomic Energy Commission  
1901 Constitution Avenue  
Washington 25, D. C.

Dear Doctor Bale:

Please find enclosed decay curves of the Bikini Lagoon radioactivities, resulting from the Baker blast.

As the figure indicates, these measurements have been carried out for 35,000 hours after the blast. I hope they will be of use to you.

Sincerely,

*K. Scott*
