Subject: TRANSMITTAL OF REPORT ON ENIWETOK AND JOHNSTON ISLAND
FACILITIES

Dear Captain Craig:

In accordance with a telephone request from Mr. James A. Sugden this morning I am enclosing a copy of our preliminary draft on facilities and requirements to support test operations at Eniwetok and Johnston Island.

It should be noted that the section on status has been prepared on the basis of the latest "in house" information available and has not had the benefit of an on-site inspection of conditions. It should also be noted that the assumptions for the short term programs at the two locations have changed considerably since the date of the report.

Without Enclosure

Very truly yours,

HOLMES & NARVER, INC.
