REMARKS

Attached is a copy of the response to the letter to the President which you referred to this Command for action. As indicated in the response, the individual was located and, we have been advised, did get in touch with the writer (his Mother).

This Command had no indication that the action was to be other than a direct response. It is trusted that if you were recipient of any requirement to provide a copy to the White House, or similar, that you will take such action.
