Re: #9694 - BNL - Robert A. Conard, M.D.

Would you please contact Biles' office and see who from there would like to meet with us regarding the attached. I think we should include Wachholz and Barr, since they are familiar with this problem already. I would think SSC would want Tommy McCraw and Joe Deal involved as well as Albers. Once you have some input from SSC, please try to set up a meeting.
