.REVIEW OF REPORT "DOSE ASSESSMENT AT BIKINI ATOLL"

The enclosed report, "Dose Assessment at Bikini Atoll", from Lawrence Livermore Laboratory presents revised radiation dose estimates for resettlement of Bikini Atoll. It is expected that these estimates will be the basis for additional ERDA recommendations to the Department of Interior on use of the Atoll's land and food resources by the Bikini people. Bill Burr and I would appreciate your assistance in the review of this report. A prompt response is needed. If there are any questions, please contact Tommy McCraw, 353-3721 or FTS 233-3721.
