Saipan, Mariana Islands

Dear Mr. Goding:

I have just received your cable stating that three of the five Rongelap patients could not be removed until there is a field trip to Rongelap in May. If there should be a ship going to Rongelap before the scheduled field trip, it would be appreciated if you could arrange the transfer of these three people at that time. I have to participate in several meetings in Europe and will leave about the middle of June. I would certainly like to complete the medical work on these people here prior to my departure.

I will appreciate your help in this matter.

Sincerely yours,

Robert A. Conard
