Hiroshima, Japan

Dear George:

You will recall last fall in Washington you and Dr. Dunham felt that it would be desirable for me to visit the ABCC in order to review part of your program and discuss problems of mutual interest. October 1969 seemed an appropriate time. I have been in touch with Dr. Cronkite, Chairman of the Medical Department, in regard to this visit and he is endeavoring at this time to procure the necessary funds for this travel. If you feel it is still desirable for me to make this visit I would appreciate your sending me any protocols of work in progress that you feel that we could discuss to advantage. If this trip is approved I will probably also visit the new High Commissioner of the Trust Territory at Saipan enroute to Japan and may also possibly attend at least some of the meetings of the International Congress of Radiology, October 6 - 11.

I look forward a great deal to my possible visit with you. With best personal regards.

Sincerely,

Robert A. Conard, M.D.
