Dear Miss Elmo:

We are sorry that we cannot be represented at the meeting of the AEC Bio-Medical Program Directors to be held on Monday and Tuesday, February 17-18, 1964, at the Health and Safety Laboratory. We particularly regret this, inasmuch as there are many things we would like to talk over with Dr. Harley and his associates, but at this time we find that our schedules are so jammed with things we have to do that there is little chance to do the things we would like to do. And then there is the matter of budget of which I am sure you are well aware.

Sincerely yours,

Lauren R. Donaldson
Director
