Dear Pete:

I am enclosing copies of all my correspondence with Mr. G. A. Linenberger regarding the questions you asked me in your letter of 17 January. Likewise, I am enclosing a copy of information supplied to me by Dr. Holloway.

I think these two excellent documents will give you a reasonable answer to most of your questions. At least it gives you the ideas of two of the best authorities at Los Alamos.

The information that Linenberger and Ogle collected at Bikini is given in Linenberger's report #LAMS-447. This document should be available to you through your regular Atomic Energy Commission channels.

Please let me know if this does not give you all of the information you desire.

For the Director:

Sincerely yours,

BEST COPY AVAILABLE
