February 27, 1966

usual trip to the Marshall Islands
 will be spending some time on
 a fairly large number of Americans

Good volume studies on some of these
 will require your help on total body water
 and body water. If this is agreeable
 to you, please let me know the location
 of the materials when I go through
 the hospital. I shall require instructions.

I hope Jean and you will be free to spend an evening together.
 I shall of course contact the Weavers before I leave New York.

With kindest regards,

Sincerely yours,
