

~~I believe this program is basic~~  
 It appears that the program is  
 fundamental to A.E.C.'s interest in  
 radioactivity - fall out. I would  
 recommend support at level requested  
 30,000 to 50,000 although the  
 weather Bureau's part should be  
 strengthened. Possibly A.E.C. could  
 transfer funds to W.B. who would  
 then be in a <sup>more effective</sup> better position to monitor  
 program and ~~to~~ <sup>in</sup> with I  
 feel it is important to have the W.B.'s  
 tie in more closely ~~so that~~ because they  
 have the technical background and ~~interest~~
