TRANSMITTAL OF OPERATIONS PLAN FOR LLL RADIOECOLOGY
 AND DOSE ASSESSMENT PROGRAM AT ENEWETAK ATOLL
 NOVEMBER 30 THROUGH DECEMBER 14, 1977

Gentlemen:

Transmitted with this memo is the Operations Plan for the LLL Radioecology and Dose Assessment Program scheduled at Enewetak from November 30 through December 14, 1977. The support required for this program from the base at Enewetak was outlined in a letter to Col. E. Mixan, CJTG, dated November 14, 1977, however, more details are included on this attached Operations Plan. Also other support requirements and information are included.

This Operations Plan has been concurred in draft by LLL (Robison), H&N (Brush), and tentative verbal concurrence from the CJTG, Col. Mixan.

If there are any questions concerning this Operations Plan please contact Harry Brown or Jim Miller at PASO.

Sincerely,

Original Signed By
 W. J. STANLEY
