ELMER GENERAL
FOLDER JOB 884 - PROJECT ENGINEERING FILE

Please refer to your memorandum No. 2530, dated May 26, 1954, on the above subject.

Attached hereto is a copy of our letter RE-1149 of 24 May 1954, in which you will note that we advised AEC that we were that day transmitting direct to University of California Radiation Laboratory, Livermore, California, one print each of the "as-built" drawings listed in their letter COL-3936 of 22 April 1954.
