RE: 100 MEDEVAC CENTER, Fort Detrick

FROM : C. L. JACK

REF ID: A-19

FEBRUARY 22, 1953

In reviewing the status of current cost estimates in connection with the Ware Camp, we find that contract item No. A-14, covering Movie and Recreation Areas, is covered only by a preliminary estimate dated November 24, 1952. On January 27, 1953, we received an SDAIS and current cost estimate in the amount of \$3,776, all of which covered the estimate for construction of the baseball field, tennis courts, etc. and the estimate available on contract item A-15.

It is important that Jobsite prepare a current cost estimate for the movie and for any other recreational areas or facilities outside of the baseball field reflected on the above-referenced engineering change order.
