JOB: 884  
RE: AMMUNITION STORAGE, BIKINI ATOLL R  
DATE: 12 May 1953

The request of Paul Spain (PG-2-2070) for furnishing subject storage will be accomplished by the use of a 'Transportainer' for which a purchase order will be written in the near future. Jobsite had requisitioned six of these units and we are increasing the order to twelve in order to provide for this storage, other anticipated storage problems and to take advantage of a reduced freight rate on the larger order.

DW  
Rel  
M...

One unit will be earmarked for Project 1.1a Ammunition Storage, Bikini Atoll.
