Dear Cathy:

**SUPPORT AGREEMENT FB5260-94348-331 BETWEEN THE DEPARTMENT OF ENERGY AND THE 15TH. AIR BASE WING**

Per your request, enclosed are two signed copies of the subject agreement. I regret the delay, but as I indicated to you on the phone last month, the agreements had to go to DOE/NV for review. We have signed them and they are now ready for your final execution. Could you kindly forward me one copy of the agreement after your final execution?

As in the past, all 15th. ABW invoices submitted to the DOE for reimbursement for services provided under the agreement, will be processed and paid by the DOE's management and operations contractor, which is now the Bechtel Nevada Corporation (BN). To ensure prompt treatment, all such invoices and correspondence related to the agreement should be sent to our local address:

Department of Energy  
P.O. Box 29939  
Honolulu, HI 96820

Thank you for your assistance and support.
