the U.S. Nuclear Regulatory Commission*

NMMSS Upgrade

- Extensive testing of Upgrade software this past year
- Final programming of Upgrade is being completed (SQL Server)
- Two presentations later this morning on the Upgrade:
 - Jerry O’Leary/Mitch Hembree will provide additional information on the software activities
 - Sam Brown will be helping us with a presentation discussing impacts on the data submitters

NMMSS Users Annual Training Meeting
San Antonio, Texas—May 20-22, 2008

*Sponsored by the U.S. Department of Energy &
the U.S. Nuclear Regulatory Commission*

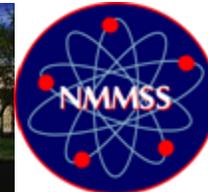

NRC Activities

- Wednesday morning, Brian Horn will make two presentations
 - The first will discuss the recent NRC rule change that will modify NMMSS reporting by industry
 - The second will discuss changes to NRC's two guidance documents for NMMSS reporting
- Wednesday morning, Sam Brown will make a presentation concerning changes to the "D-24" which describes how to report to information to NMMSS in electronic format

NMMSS Users Annual Training Meeting
San Antonio, Texas—May 20-22, 2008

*Sponsored by the U.S. Department of Energy &
the U.S. Nuclear Regulatory Commission*

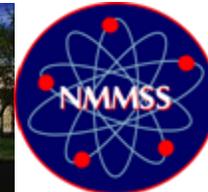

DOE Activities

- DOE activities to have NMMSS operator track sealed sources (Len Myers will make a presentation Wednesday morning)
- Review by DOE-IG of DOE inventories at Licensee sites (We will make a presentation Wednesday afternoon)

NMMSS Users Annual Training Meeting
San Antonio, Texas—May 20-22, 2008

*Sponsored by the U.S. Department of Energy &
the U.S. Nuclear Regulatory Commission*

Industry Presentations

- Industry will make a couple of interesting presentations which should be informative for all of us
- Wednesday morning, Neil Passman will be making a presentation concerning 80-Column reporting (NRC Break-out Session)
- Wednesday morning, Tom Morello will be making a presentation on a revised ANSI Standard addressing MC&A at power reactors (NRC Break-out Session)
- Wednesday afternoon, William Murphy will be making presentation on the Validation of Historic SNM Isotopic Calculations

NMMSS Users Annual Training Meeting
San Antonio, Texas—May 20-22, 2008

*Sponsored by the U.S. Department of Energy &
the U.S. Nuclear Regulatory Commission*

Training

- A number of training sessions and topics are planned. They include:
- This afternoon, Tina Barnett will review the various methods for industry to communicate information to NMMSS
- Wednesday morning, Santiago Aguilar will provide an overview of the communication flow associated with Obligation Tracking (NRC Break-out Session)

NMMSS Users Annual Training Meeting
San Antonio, Texas—May 20-22, 2008

*Sponsored by the U.S. Department of Energy &
the U.S. Nuclear Regulatory Commission*

Training - continued

- Wednesday morning, Karen McCulloch will share Y-12's challenges in Tracking Obligations (DOE Break-out Session)
- Wednesday afternoon, a presentation will be made on the beta version of the SAMS that has been developed for the NMMSS Upgrade
- Thursday morning, NMMSS staff will provide an abbreviated SAMS training and NRC NMMSS-1 training course

NMMSS Users Annual Training Meeting
San Antonio, Texas—May 20-22, 2008

*Sponsored by the U.S. Department of Energy &
the U.S. Nuclear Regulatory Commission*

Recognition

- This afternoon we will recognize some of our NMMSS reporters for reporting excellence or noteworthy support of NMMSS

NMMSS Users Annual Training Meeting
San Antonio, Texas—May 20-22, 2008

*Sponsored by the U.S. Department of Energy &
