The Facility Representative Program Performance Indicators (PIs) Quarterly Report is attached, covering the period from October 1999 to December 1999. Data for these indicators are gathered by the Field elements quarterly per DOE-STD-1063 and reported to Headquarters Program Offices for evaluation and feedback in order to improve the Facility Representative Program.

These indicators should be used to guide future actions to correct weaknesses and further strengthen the role of the Facility Representatives in the Department goal of conducting work safely.
